3. Grant one week of vacation after 12 weeks of service as a PACT. Vacation weeks can accumulate, so that two weeks can be taken together after six months of service. Vacation cannot exceed four weeks in one year unless otherwise agreed upon between the PACT and the congregation. Up to one week of unused earned vacation can be paid out as salary and benefits after the official end date of the PACT. Effort should be made to allow the PACT to take earned vacation prior to their last date of service in the congregation. PACT and council should pay attention to and agree upon how they track vacation earned. If a PACT serves for less than a 12 week period, it is customary to prorate vacation days earned. Any exceptions to these vacation guidelines need to be agreed to by the PACT and the council and be included in this covenant.
